LATE INCIDENTS IN COUNTY

Deplored by Indiana Paper; Capture Of Miscreants is Urged.

(Cannelton Telephone.)

Elsewhere in this number of the Telephone will be seen an account of a killing which took place on a Henderson Route train near Stephensport, Ky., last Wednesday evening. One man "bit the dust" and another was badly shot in the back. Both men lived at Stephensport and because of the fact that the shooting was done by a colored man, who was afterwards set free, members of this gang of toughs hid themselves in the darkness Friday night and rocked the coaches as the trains passed down—shattering window-panes and causing men, women and children to flee from their seats and to lie down on the floor of the cars for safety. It is also charged that the desperadoes took several shots at the trains. Promptness upon the part of the Henderson Route people in dropping off two or three shrewd detectives at Stephensport for a few days might be the means of "rounding up" these law violators and the result might land them in the penitentiary, where they belong. From what the Telephone could learn, a crowd of five of Stephensport's drunken toughs boarded the 4:27 p. m. train at Havesville—the day of the Equity barbecue—sworn to take the train—and they did so until they found the porter of the Pullman coach ready for them.

Such ruffianism has no place in a civilized country and no pains should be spared to land the offenders in the pen in due time with the proper sentences.

Do Not Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by A. R. Fisher.

"Had an Acre of Fun."

A quite a crowd of Canneltonians "took in" the Masonic barbecue at Cloverport last Friday and enjoyed it very much. Mine Host G. W. Pohl of the Sunlight headed a crowd, styling themselves "The Lucky 13." They carried cards containing each man's name and had an acre of fun.—Cannelton Telephone.

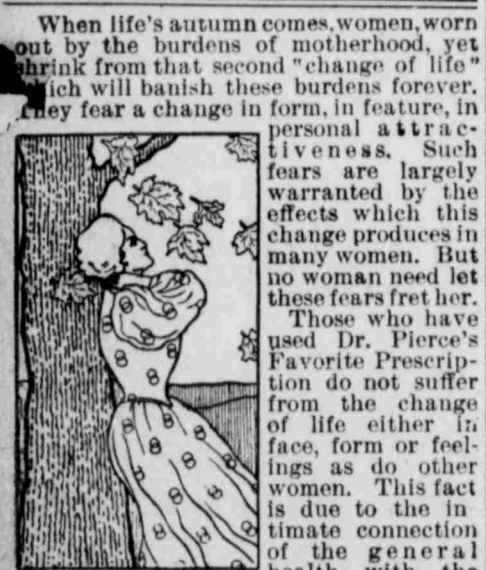

"The Lucky 13" crowd was composed of the following well known Cannelton citizens: Geo. P. Smith, H. Clemens, Jack Wilbur, Jno. Zimmerman, Dr. Jas. Bush, Wm. Livers, Geo. W. Pohl, Joe Adkins, Wm. C. Conway, Chas. Miller, Eugene Cummings, Albert Lehman and Henry Hunsche.

Speed Guffy Dead.

Speed Guffy, son of Appellate Judge B. L. D. Guffy, and prominently identified with district and State politics, died at his home at Morgantown last Wednesday of acute bronchial poisoning.

When life's autumn comes, women, worn out by the burdens of motherhood, yet shrink from that second "change of life" which will banish these burdens forever. They fear a change in their personal attractiveness. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her. Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescription" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or personal inability to enjoy life.

"Your 'Favorite Prescription' brought me safely through that difficult period, called 'change of life,'" writes Mrs. Mary Ensminger, of 34 E. Ankeny St., Portland, Oregon. "This change made a very unpleasant disturbance through my entire system. I had hot and cold flashes, sick headaches, became excited, frustrated, nervous and irritable. My appetite was fitful and for days I was unable to eat a fair meal. My aunt recommended me to try Dr. Pierce's Favorite Prescription and it made a great change for the better. Within two weeks the unpleasant feelings had disappeared. I have a husband and eight children so have the care of a large family but was able to attend to my household duties without any difficulty and passed the period without any more trouble. I can recommend your 'Favorite Prescription' as a grand medicine for women."

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good" but don't let them substitute anything for "Favorite Prescription." It is absolutely unequalled.

What Will Bryan do in 1908? Views on Political Outlook.

Already the national campaign of 1908 is attracting attention. Party leaders are planning for the fray and political prophets are at work. That great and important section known as the Middle West is receiving the lion's share of attention just now, especially by the newspapers. Edward Lissner, staff correspondent of the Louisville Courier-Journal, writing from Council Bluffs, Iowa, says, among other things:

"The Democracy in the Middle West, after marking time for four years, from 1900 to 1904, unable to reach a conclusion whether the conservatives of the East were right and Mr. Bryan wrong in 1896 and 1900, is slowly going back to radicalism along the lines of the Kansas City and Chicago platforms. Those Democrats in that section who, actuated by the cry of Ben Tillman, of South Carolina, in wanting a man who could win, were instrumental in inducing the Middle West to support Alton B. Parker and give the management of the campaign into the hands of the conservatives of the East, have for the time being retired from political activity shorn of much power and prestige. Whether they will at some future day re-enter the field and attempt to stem the tide of radicalism few know. Most of these conservatives realize that the feeling against them throughout this section is strong and that it would be folly at the present to cross swords with the radical wing under the leadership of the magnetic and brilliant William J. Bryan.

"Three questions destined to become political issues occupy at the present day the attention of the Middle West. They are the tariff, which the standpatters can not down, the trusts and the freight-rate regulation, and one or all are apt to figure in the campaign of 1908.

"Just what part Mr. Bryan will play that year is now a question of more than ordinary interest. The Middle West links him with Theodore Roosevelt and regards them as the two greatest living Americans. It believes that were the followers of either to control both houses of Congress our economic evils would be cured, that both are handicapped by an element in their party subservient to 'the money power,' which ties their hands. The Middle West will stand for no candidate for Congress, be he Democrat or Republican, who will not support the President on the railroad rate controversy and on trusts, and it will retire those from their section who oppose him at the coming extra session. There is also the feeling that if the Republicans won't do anything a Democratic President, under the guidance of Wm. J. Bryan, if not a Nebraskan himself, will, and this brings back the question of what part Mr. Bryan is apt to play in the next national campaign."

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for Nasal Catarrh which is drying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents at druggists or by mail. A cold in the head immediately disappears when Cream Balm is used. Ely Brothers, 56 Warren Street, New York.

Groves--Roland.

Mr. R. Tobin Groves, one of Tobinsport's best known young men, was married to Miss Lena Roland, of Cannelton, at Owensboro, last Wednesday, by Rev. Mr. Frohne at his residence. After the ceremony they returned to Cannelton. They were accompanied to Owensboro by Mr. Thos. Groves, brother of the groom, and Miss Rosa Roland, sister of the bride, who were the only attendants.

Mr. Groves recently bought the general store of A. L. Ireland at Skillman and has been doing a very good business since taking possession. He is also agent for the Henderson Route at Skillman. He was formerly in the printing business at Tobinsport.

Sunny South to be Here Soon.

Last Friday's Louisville Post stated that the Sunny South floating palace would reach Louisville in a few days. The Billboard, a national journal for theaters, circuses, showboats, etc., stated in its issue last week that the Sunny South would be at Maysville, Ky., last Friday. The people at all river towns are looking forward with much interest to the coming of this show boat, which is reported to be the largest and finest afloat.

MRS. LIZZIE THOMAS DEAD.

Owensboro, Ky., Sept. 7.—Mrs. Lizzie Thomas, one of the best known women of Western Kentucky, died at the home of her daughter, Mrs. A. M. Hackett, at Livermore, this morning. She was the widow of the late Rev. R. Y. Thomas, a prominent Methodist minister.

COMPLIMENTARY REMARKS

Made in Baptist Argus Account of Baptist Meeting Here.

Though the News, in its last issue, gave a complete write-up of the recent meeting of the Breckenridge Association of Baptists, in this city, the account of the meeting in the Baptist Argus, written by Dr. J. N. Prestidge, is of interest because it is as viewed by a religious worker and contains complimentary remarks in regard to the meeting. The account in the Baptist Argus is as follows:

"Cloverport was an excellent place for the Association to meet. Pastor Lewis, newly installed, did the honors of host with ease and graciousness, and his excellent people sustained him throughout. Pastor Lewis has a delightful parsonage, the gift to the church of its good women. The church building also was made ready with new paper for the coming of the association.

"Breckenridge is a new association, this being only its third session. Brethren M. P. Compton and C. M. Payne were chosen moderator and clerk. From what we heard the moderator has put his heart and mind into the development of the association. Something always comes to pass when a good man puts himself into a noble cause. Our associations are full of great possibilities but some of them need more planning, more praying, more executing. We would rejoice to see this new association strike out for the largest and best things.

"The churches made good reports, though a few of them have no Sunday schools and no prayer-meeting. We were impressed with the zeal of the pastors who belong to Breckenridge association. There are able laymen too, and if these join hands to grow the young association into something like a model, we shall rejoice and the coming of Christ will be quickened.

"Among the visitors were Mr. H. E. Cleaton, who is now representing the Anti-Saloon League; Secretary J. G. Bow of the State Board, Dr. T. T. Eaton and the editor of the Baptist Argus. The next meeting goes to Hardinsburg, the date remaining unchanged. The sermon is to be preached by Brother D. B. Clapp, and Brother J. M. Lewis is to go as messenger to the Southern Baptist Convention.

"Another of the efficient young pastors is Brother E. B. English, who is the efficient secretary of the District Board.

"Secretary J. G. Bow said: 'We have organized a most hopeful church at Pikeville and so now we have only 12 county seats without a Baptist church.'

"The association sorrowed much because on an east bound train, which passed through Cloverport during the session, one young man was killed and another dangerously wounded, both members of Baptist families in the association. A resolution was adopted with fervor calling upon Havesville, where the whisky was bought, to close up its whisky traffic in the interests of its own and the surrounding homes and churches.

"It was announced with joy that the last whisky spot in Breckenridge county, Hudsonville, has gone dry by a vote of three to one. The day is coming in that county for the people are aroused and ready to act together for the maintenance of law and order. It was my good pleasure to be entertained in the home of Pastor Lewis and Dr. Owen, who is so well known and highly honored in the entire community."

It is easy to relieve a cough or cure a cold after a copious evacuation of the bowels. Kennedy's Laxative Honey and Tar is the Original Laxative Cough Syrup. It acts on the bowels—expels all cold from the system, and cures coughs by removing the cause. This remedy clears the phlegm and strengthens the mucous membranes of the throat, chest, lungs and bronchial tubes. The honey bee and the red clover blossoms is on every bottle of Kennedy's Laxative Honey and Tar, the Original Laxative Cough Syrup. Sold by All Druggists.

COTTON YIELD LARGE.

New York, Sept. 7.—The annual report of the Financial Chronicle on the cotton crop of the United States estimates the total yield for the year ended September 1 last at 13,556,841 bales, compared with 10,123,696 bales in 1904 and 10,758,326 bales in 1903. Regarding the new crop now maturing the Chronicle, in summing up the situation, briefly says: "It does not appear to us that there have been any developments to date presaging a crop disaster."

REV. VINES DOING FINE WORK.

Rev. J. F. Vines, pastor Central Baptist church, Chattanooga, Tenn., called at our office while in the city. Two years since Bro. Vines resigned at Glendean and Cloverport to accept his present field. He is doing fine work. Over 100 have been received by him into the fellowship of the church. He is in Kentucky to help Pastor D. B. Clapp, in a meeting at Glendean.—Western Recorder.

PROFESSIONAL CARDS.

LATHAM MEDICAL INSTITUTE ELIZABETHTOWN, KY.

Chronic Diseases treated by Harmless, Rational and Satisfying Methods, including Homoeopathy, Medical Electricity, Hydrotherapy, Osteopathy, Massage, Solar Therapy, Suggestion and Dietetics.

Kentucky's Banking Facilities.

Washington, D. C., Sept. 6.—A bulletin made public by the Controller of the Currency shows remarkable strides in the extension of banking facilities in Kentucky since March 14, 1900, when the law took effect permitting national banks to be organized with a minimum capital of \$25,000. During these five years, up to August 31, 1905, there have been organized in Kentucky fifty-five national banks of a total capital of \$3,970,000.

This is twenty-three more national banks than were established in the same period in all of the New England States—Massachusetts, Maine, New Hampshire, Vermont, Rhode Island and Connecticut. Only nine States in the union invested more capital in new national banks than Kentucky during the last five years. Of the fifty-five new banks organized in Kentucky thirty-seven have capital of less than \$50,000 and eighteen have more than \$50,000.

Peary Leaves for North Pole.

St. John's, N. F., Sept. 6.—Peary's expedition auxiliary steamer Erik returned from Cape Sabine, Greenland, reporting the Arctic ship Roosevelt, with Commander Peary on board, left Cape Sabine August 21. The officers fear the Roosevelt will not get very far north this winter, the conditions of the northern waters being very adverse.

Rev. T. F. Walton Here on Visit.

Rev. T. F. Walton, of Mt. Carmel, Ky., formerly pastor of the Lucile Memorial Presbyterian church, of this city, was here last Thursday and Friday on a visit to the members of his former congregation. Saturday he went to Chrisney, Ind., near Rockport, where he preached last Sunday at the Presbyterian church and will preach next Sunday. He has decided to give up the church at Mt. Carmel this fall. He has a call from another church in this state but does not know now just where he will locate, and is looking over the field before deciding whether he will accept the call.

"TORICOID GLASSES" are spectacle and eye-glass lenses ground in a peculiar manner, so as to give a much larger, clearer field of vision than any other glasses and a sense of freedom and comfort to the wearer that no other glasses afford, and which can be appreciated only by those who have tried them. They are, without question, the most scientifically constructed glasses that have ever been made; and when made into BIFOCALS (near-sighted and far-sighted glasses combined) can be worn with as much comfort as single lenses glasses. This cannot truthfully be said of any other form of Bifocal Glasses.

"TORICOID GLASSES" are made only by T. J. Howe & Co., Louisville, Ky., and are sold by them and their authorized agents under a positive guarantee that if they do not give satisfaction in every way they may be returned and the money paid for them will be refunded. If you have any trouble with your eyes, or if your glasses have not given you perfect comfort and satisfaction in every way, write to us about "TORICOID GLASSES"—mentioning this paper.

T. J. Howe & Co., Opticians LOUISVILLE, KY.

Rev. Walton is in excellent health and very well pleased with the outlook for his pastoral work. It was his first visit here since September, 1903, when he resigned as pastor of the Presbyterian church.

A Cold Settled in His Kidneys.

A. J. Jenness, 9201 Butler St., Chicago, writes: "I am a switchman and am out in all kinds of weather. I took a cold which settled in my kidneys and I was in bad shape. I tried several advertised remedies with no benefit, until I was recommended to try Foley's Kidney Cure. Two-thirds of a bottle cured me." Sold by A. R. Fisher.

What is Tobinsport's Population?

About three hundred people from this place attended the Masonic barbecue at Cloverport Friday. They had a large attendance but rain at noon caused many to leave.—Tobinsport correspondent Cannelton Telephone.
